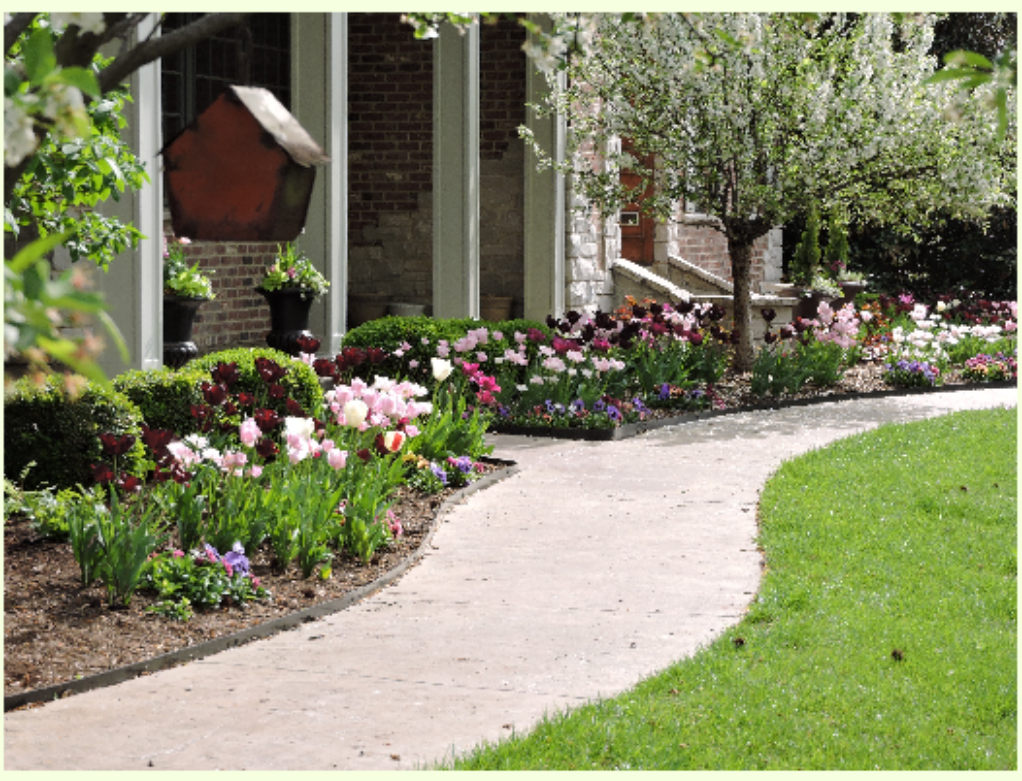
KIRKWOOD HOME & LANDSCAPE
Julie's Garden Design

March 20th is the first day of spring!

It's time to spend more time in your OUTDOOR LIVING AREAS and we can help you create the space you've been dreaming about!

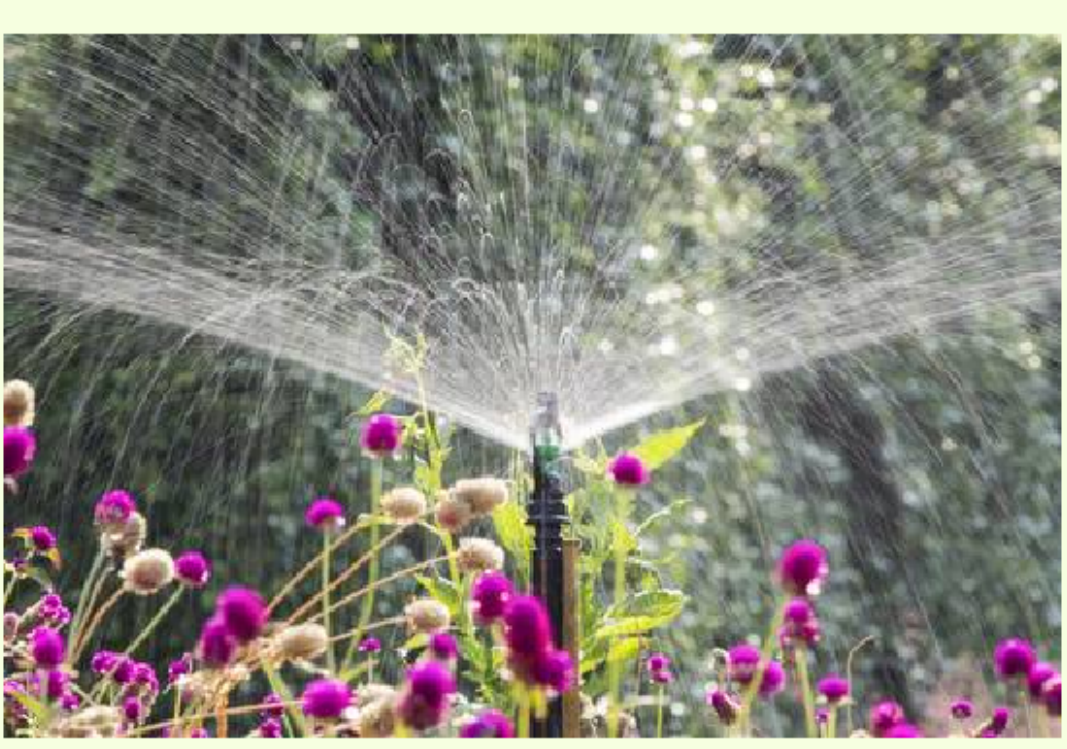
decks~patios~retaining walls~gardens~irrigation~lighting

Don't be surprised if you see our landscapers and gardeners out in the gardens. We have been hard at work cleaning up leaves, cutting back perennials, planting seeds and mulching for the spring season! We are ready to bring your LANDSCAPE DESIGNS to life!



We can help you plan your outdoor living space! Our construction division built this beautiful DECK and our landscape division came in behind them to build the RETAINING WALL!
Call to schedule a consultation today!

Having a reliable IRRIGATION SYSTEM is key to maintaining a healthy landscape. Whether you need a new system, or repairs and adjustments throughout the growing season, our landscape division can help! We can open your system in spring, maintain it throughout the summer and fall and winterize it for the winter.



We are a unique 3 function company that can handle everything for your home!
