CONSTRUCTION~LANDSCAPE~FINE GARDENING

Our FINE GARDENING division and LANDSCAPE/HARDSCAPE division teamed up to renovate this historic family garden for the 3rd generation homeowner!
the before and after photos!

This was our opportunity to salvage important plants that have been in the family for years and century old stones!
The roses and lilacs were planted many years ago when Grandma lived here. We dug them up and potted them until the hardscape work was completed.

Our Hardscape Division installed all of the stone work while the Landscape Division added the soil, shrubs and mulch.
Next came the Fine Gardening Division to add the finishing touches with pansies, mums and kale!

Grandma's garden underwent a major renovation!
The patio, fence and garden are all new, except of course, Grandma's roses and lilacs that we replanted!

Once the diseased magnolia was removed, the fine gardeners added vignettes of color!
This was such a fun project to work on and we hope you enjoyed seeing it as much as we enjoyed working on it! We can't wait to see what it looks like next year once the plants get established!

While we have been wrapping up the season in our gardens, the CONSTRUCTION division has been busy renovating this sweet little bathroom!

We specialize in KITCHEN and BATH!
Stay tuned for a special renovation update in our January edition...it's amazing!

We appreciate your business,
