KIRKWOOD HOME CONSTRUCTION

Spring is right around the corner!

We have been focused on GARDEN DESIGNS this winter and it's been a real treat to look at flowers on these gray days!
Last year, we began using a new design software.
Now, instead of seeing circles on graph paper, we can give you a quick 3-D visual!

After last year's wet weather and the new stormwater regulations there's a growing need for water control services. We can help!

*Dry wells
*French drains
*Pervious driveways and patios
*Dry creek beds
*Rain gardens

We appreciate your business,
The team at Kirkwood Home & Landscape and Julie's Garden Design

We are a unique 3 function company that can handle everything for your home!
