Construction-Hardscape-Gardening

We are dreaming of mood boosting gardens!
This is the time of year when we sit down and make a plan for each garden and then draw it on our design software.

Gardens like this don't happen without addressing water control issues. It isn't glamorous work, but the lawns and gardens will be grateful!
Our construction team built this amazing custom greenhouse.

Now is the time to get on our schedule friends!

It won't be long now! Hang in there, longer and brighter days are on the horizon...and that means flowers!

We appreciate your business,
The team at Kirkwood Home & Landscape and Julie's Garden Design
