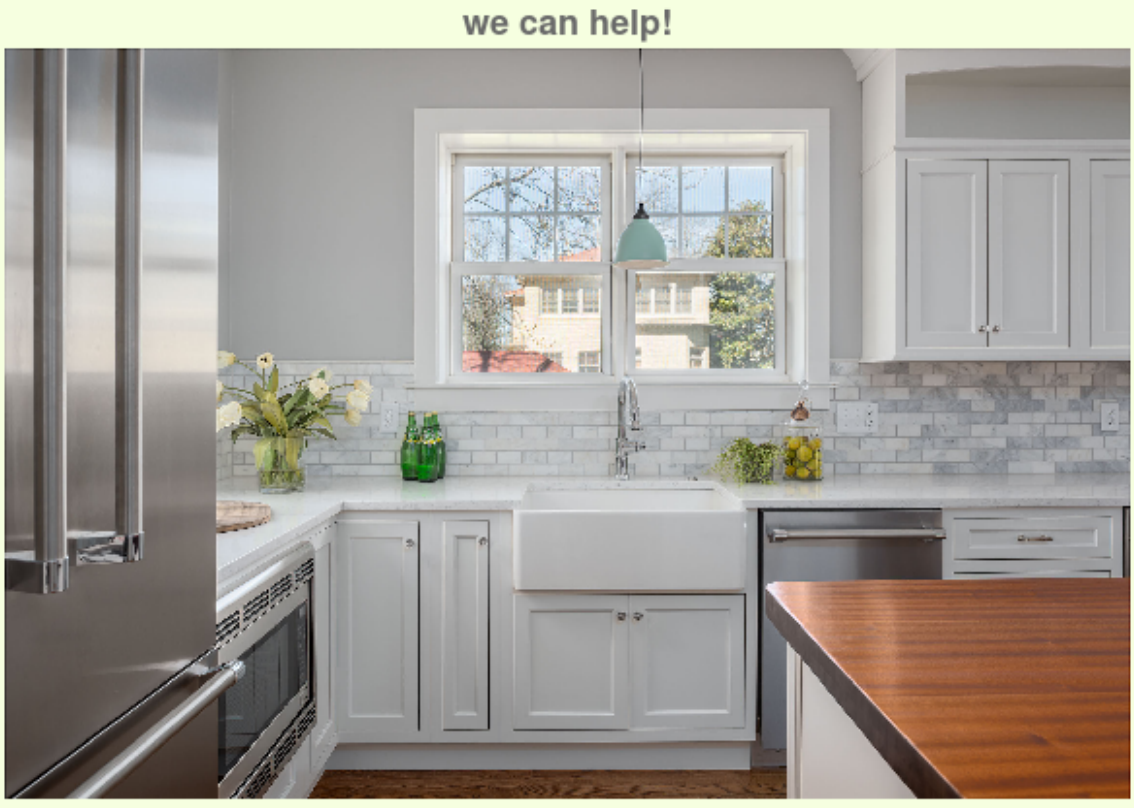
Happy New Year friends!

**Soon things will be coming to life and we look forward to that!
In the meantime, we will be planning ahead and designing new gardens on our software.
There is nothing more rewarding than seeing something on paper become a reality, especially when it has flowers and veggies!**

**If you are spending a significant amount of time at home, you are probably taking note of home improvement projects.
Whether it's renovating a basement for additional space, building a porch for social gatherings or upgrading the kitchen or bathroom, we can help!**



St. Louis winters can be gray, so here's something to look forward to!

We appreciate your business,
The team at Kirkwood Home & Landscape and Julie's Garden Design
