SPRING has arrived!

Spring is about fresh starts, planning for the year ahead and getting outside after a long winter of hibernation. We can help get your outdoor spaces ready for fun filled spring entertaining!

We can hardly contain our enthusiasm once daffodils and tulips start popping through! During the cleanup and mulching season we begin to see fresh life and that is all it takes to kick off another great year of gardening!

We will be planting our cool season plants beginning late next week!

Does your backyard have standing water?
We can help you divert, capture and filter rainwater runoff.

We are excited to celebrate the spring season with you!

We appreciate your business,
The team at Kirkwood Home & Landscape and Julie's Garden Design
