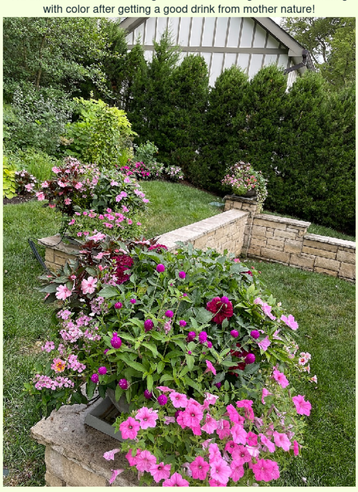
KIRKWOOD HOME & LANDSCAPE
Julie's Garden Design

Summer greetings!

We sure needed the rain we got last week! The gardens are bursting with color after getting a good drink from mother nature!



Talk about a makeover!! The construction team made a radical difference to this kitchen. Check out the before and after!

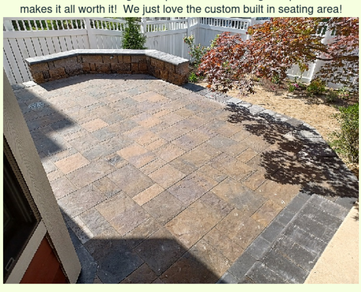
The hardscape crews have been working long days in the extreme heat. But the reward of seeing a completed new retaining wall patio combo makes it all worth it! We just love the custom built in seating area!



We love working with other small businesses! We are getting ready to transform a corner in Kirkwood for Honey Bee's Biscuits and Good Eats! Pictured is a design we did on our software.
We can't wait to visit for some delicious treats!

We hope you are enjoying your summer and your gardens! We are preparing for the fall season and look forward to making your home and gardens look beautiful!

We appreciate your business,
The team at Kirkwood Home & Landscape and Julie's Garden Design
