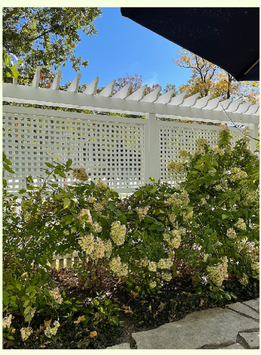
KIRKWOOD HOME & LANDSCAPE
Julie's Garden Design

Autumn greetings, friends!

The season is flying by! The weather has been so beautiful that working in the garden has been a sheer delight! We hope you are enjoying the beautiful fall colors!

Our construction team just finished this custom pergola style privacy screen for one of our favorite gardens. We love how it turned out!



This coffee bar was part of a complete kitchen renovation. We had a glass maker design the custom diamond lead glass to match their windows. It turned out so gorgeous and we love the tile choice!

The construction team added this new front porch followed by our hardscape team, who installed the walk. Who wouldn't want to sit on this front porch and enjoy a glass of wine in the evening?!

The summer annuals hung in there! This garden and home is a gem. We have so much fun getting creative when planning their seasonal color.

We hope you are enjoying the season and all of the wonderful fall color!

We appreciate your business,
The team at Kirkwood Home & Landscape and Julie's Garden Design
