Kirkwood Home & Landscape and Julie's Garden Design Newsletter

It's been a busy couple of weeks!

Our gardening teams managed to plant hundreds of mums, pansies and kale; not to mention refreshed all of our clients planters in just a short couple of weeks! Busy bees!

Our hardscape division just wrapped up this water control project that included a new wall and patio!
What a great space to enjoy the cool evenings!

Now that the weather is cooperating, we will finish planting all of our new landscape designs. We took on many new clients this year and we don't like to make anyone wait!

Next on the agenda is bulb planting! We love seeing these sweet little tulips pop up in the spring!

We appreciate your business!

We are a unique 3 function company that can handle everything for your home!
