KIRKWOOD HOME & LANDSCAPE

Julie's Garden Design

The fall season is upon us!

Cooler temperatures and warm soil are a perfect combination to begin fall planting, and we are here for it!
After planning for months, we are ready to refresh your gardens with the rich hues of autumn.

Our construction division updated this modern chalet kitchen complete with a custom hood, specialty backsplash and premium appliances. No kitchen would be complete without a wood burning pizza oven...we will talk about that in the next newsletter!

The hardscape division dialed in this deck by adding an intricate retaining wall to hold the fill and cover the concrete piers to sharpen the overall look. I'd say they accomplished their goal!

It's hard to believe, but it is time...
Here we go!!! It's time to refresh pots for fall!

We appreciate your business!

We are a unique 3 function company that can handle everything for your home!
