KIRKWOOD HOME & LANDSCAPE
Julie's Garden Design

Winter greetings!

We are preparing for a beautiful spring season!

Our construction team completed this master suite addition and we couldn't be more pleased!
The client needed a first floor master suite and ended up getting a beautiful space that blended seamlessly with the charm of their historic Kirkwood home.

Now is the time to get on our schedule for any hardscape projects!
Walks~Retaining Walls~Patios

Our landscape team removed the side yard of ivy, graded, redirected downspouts, built a retaining wall, designed and managed installation of a new circle driveway and planted a rain garden for water runoff.
Stay tuned...we are getting ready to refresh the entire lanscape!

Not long until the earth bursts to life again!
The gardeners return in a couple of weeks to begin the spring cleanup and mulching season.
We are looking forward to seeing you!

We appreciate your business!

We are a unique 3 function company that can handle everything for your home!
