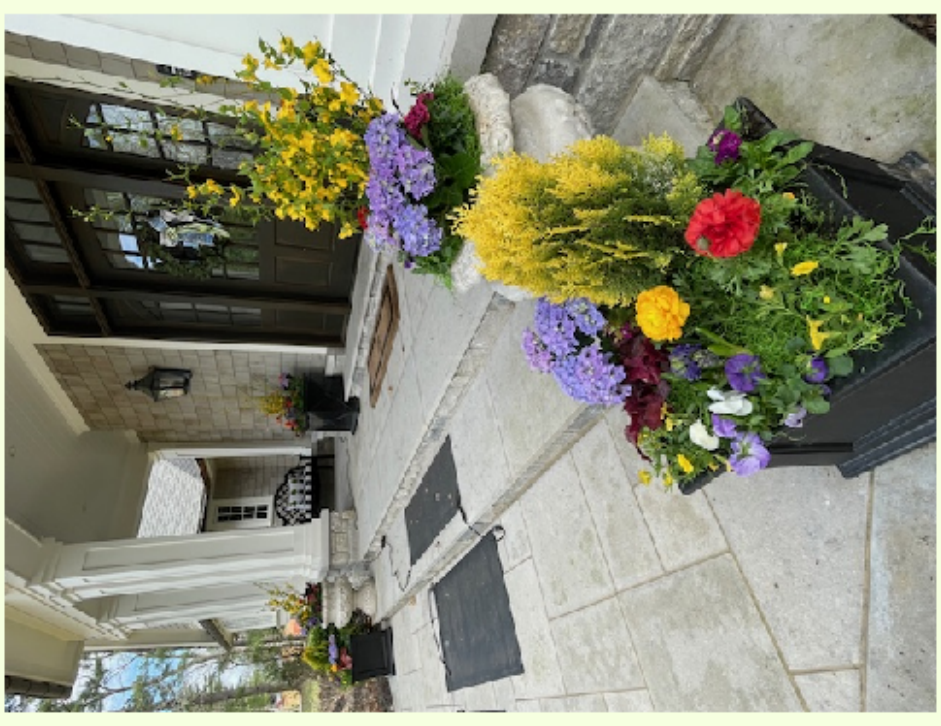
KIRKWOOD HOME & LANDSCAPE

Julie's Garden Design

Welcome Spring!

We can help get your home ready for the spring season!

Construction~Hardscape~Gardening



Our construction team designed this second floor bathroom around the new onyx shower that was fabricated to accomodate their tall children! We leveled and tiled the floor, installed all new plumbing and electrical, placed a new vanity, and refreshed the doors and trim.

This family has used all three divisions of our company!
Our hardscape team installed the new paver patio followed by our construction team that built the pavilion, which is wired for lighting and has a skylight! To capture the excess runoff, the fine gardening team designed a custom rain garden! This family will have a wonderful space to enjoy the outdoors during the spring season.

We hope you enjoy a wonderful Easter weekend with family and friends!

We appreciate your business!

We are a unique 3 function company that can handle everything for your home!
