Julie's Garden Design

## Welcome to the dog days of summer!

It's deck season!
Our construction division built this amazing deck with a custom planter. It was a great use of space for their sloping backyard. I see a lot of outdoor dining in their future!

We love walking into a garden in bloom!!
The flowers appreciate all of the heat and rain we've been getting this summer, and we love helping them along!

Now is the time to get on our schedule for you hardscape, water control and lighting projects!

We appreciate your business!
