KIRKWOOD HOME & LANDSCAPE

Julie's Garden Design

November greetings!

Julie's Garden Design donated their time and talent to refresh the Bisso Park garden. We are thrilled to have the opportunity to help beautify our city and encourage you to stop by and enjoy the fall color!

We added a natural aesthetic to this wet garden by incorporating a dry creek bed with a rain garden! It improved not only the look of the garden, but solved the water runoff as well.

Wall sconces are the perfect solution whether you're looking to add a touch of charm, highlight a beautiful backsplash, or create a cozy nook. It's a great way to complete any kitchen.

We hope you've enjoyed the fall color as much as we have!
Next up...11,000 tulips! Keep your eye out for us!

We appreciate your business!

We are a unique 3 function company that can handle everything for your home!
