Kirkwood Home & Garden and Julie's Garden Design Newsletter

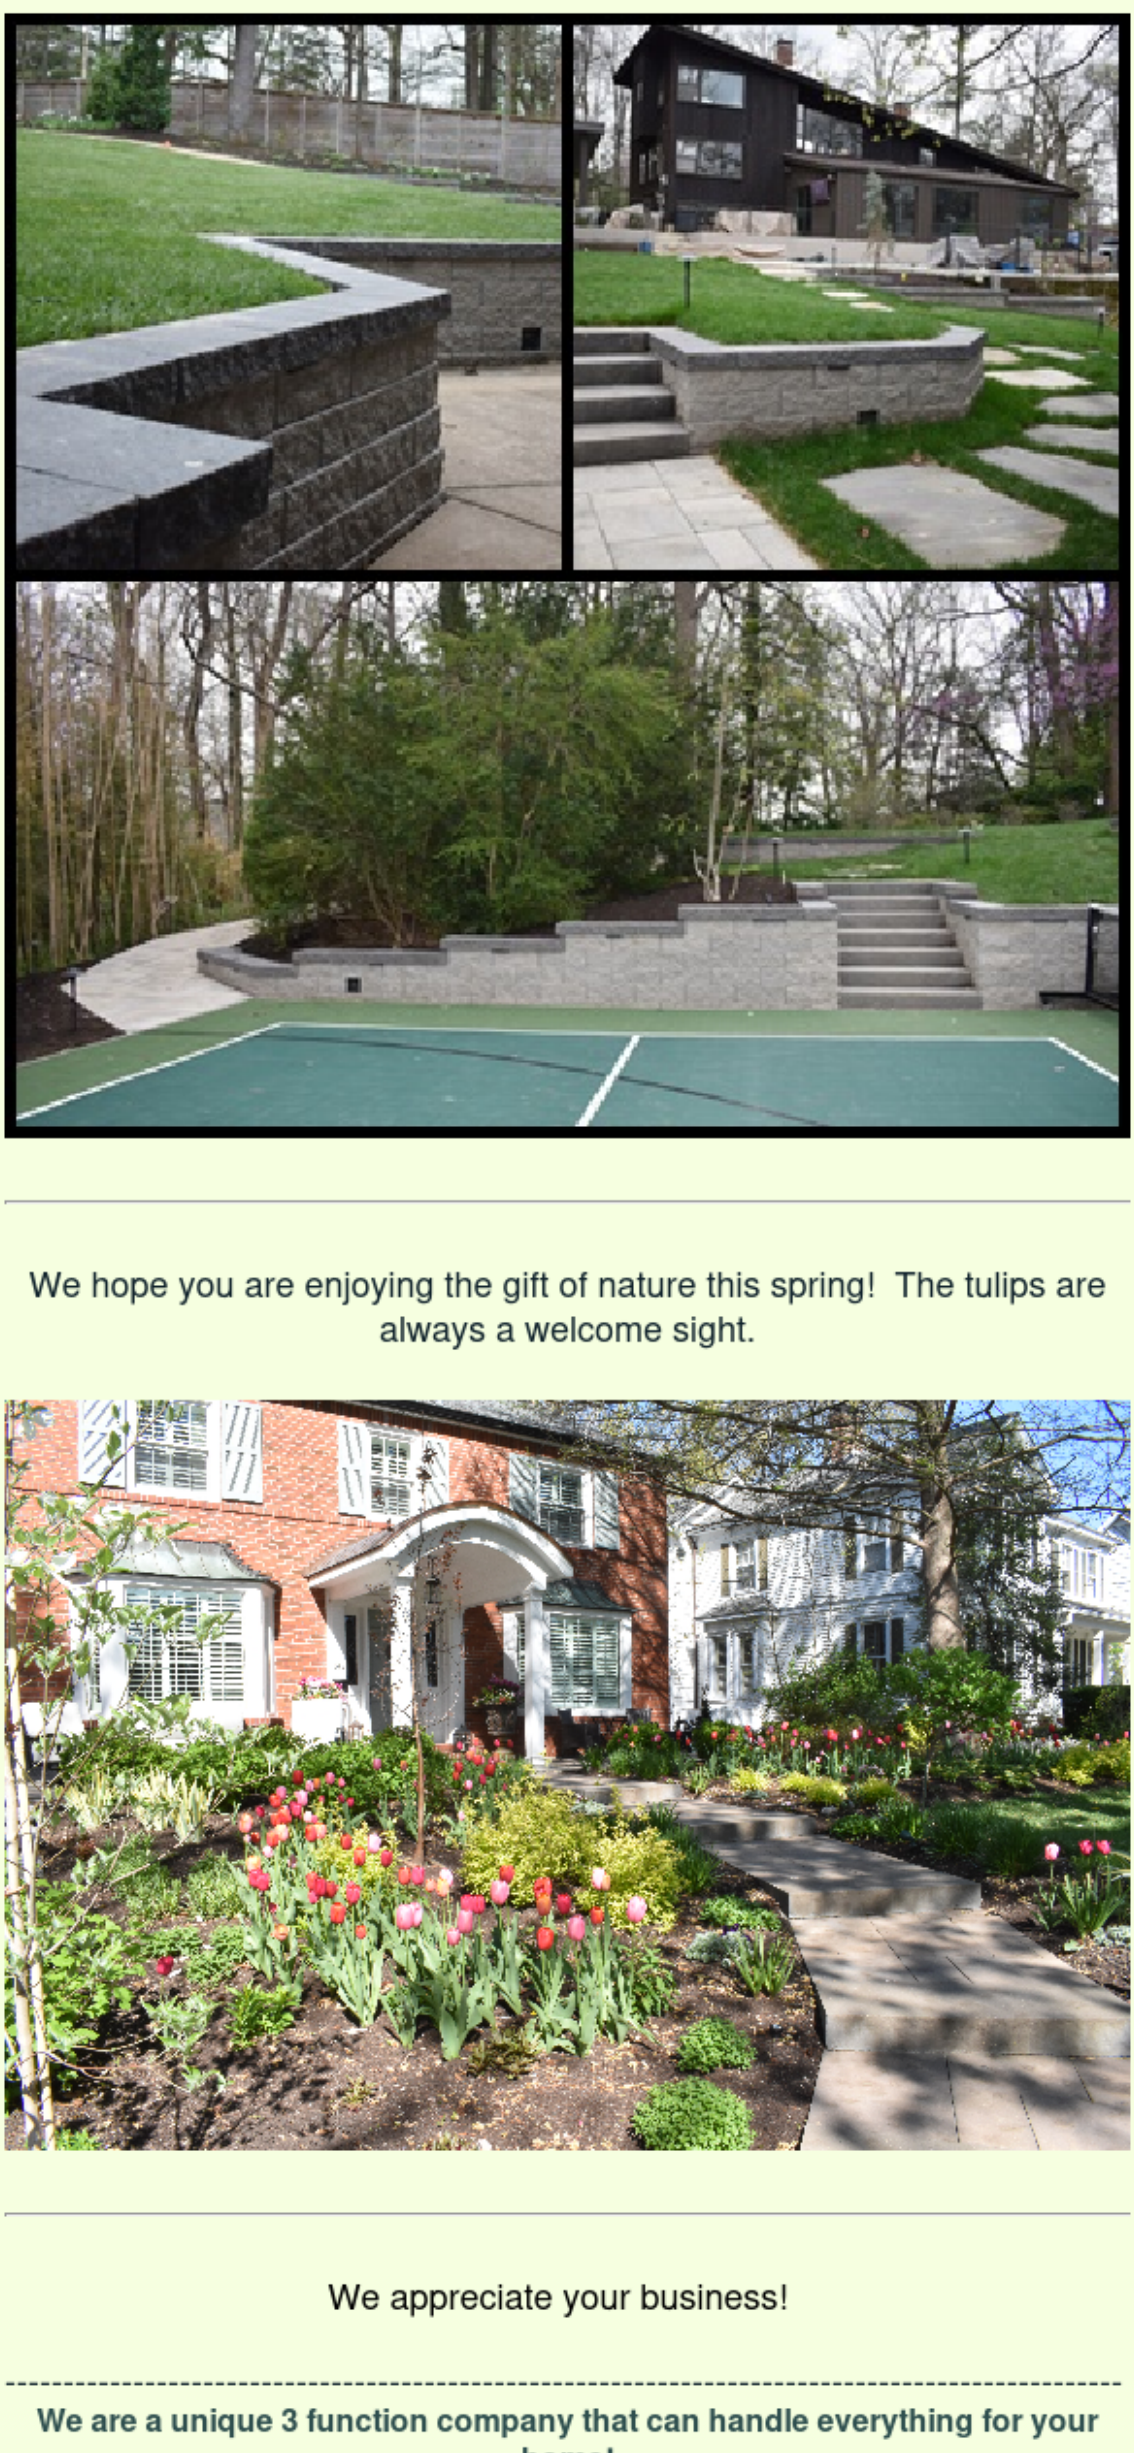
KIRKWOOD HOME & LANDSCAPE

Julie's Garden Design

We hope you are enjoying the beauty of the season!

Our remodeling team brought this original 1960s kitchen into the 21st century!
We focused on increasing functionality while retaining the architectural integrity of the home. We added a 1st floor laundry and updated the electrical, plumbing and hvac to allow the homeowners to age in place comfortably.

Our hardscape team upgraded all of the retaining walls and built a sport court to create outdoor rooms and maximize their outdoor space. They are structurally sound and will last a lifetime!



We hope you are enjoying the gift of nature this spring! The tulips are always a welcome sight.

We appreciate your business!

We are a unique 3 function company that can handle everything for your home!
